

## **PRESS RELEASE:**

### **CAYMAN NATIONAL OFFERS MORE 'SATURDAY BANKING'**

As part of its ongoing strategy to anticipate and creatively respond to customer's needs, Cayman National Bank announced today that it would be strengthening its 'Saturday Banking' offering. Effective Saturday February 4, 2006, the Bank will open its Edward Street Customer Service Center on Saturdays. Regular banking services including Personal Banking and Mortgages plus other exciting services such as an 'Education Saturday' will be offered between the hours of 9am to 1pm every Saturday. This new Saturday Banking service enhances the similar service currently offered by the Bank at its Centennial Customer Service Center in West Bay.

"We recognized that as our economy grows, the demands on the workforce will become more challenging and the opportunities to conduct personal business will be further constrained during normal working hours", commented CNB President Ormond Williams. He further noted that with increased traffic congestion the workforce is leaving early for work in the mornings and returning home even later in the evenings. "Hence there is a need to offer our customers the avenues to conduct their banking at a more convenient time – one such avenue being Saturday", Mr Williams continued.

With the Bank's Centennial Customer Service Center Saturday Service fully utilized, the strategy is to bring new services to customers which will make doing business with the Bank more convenient and satisfying. Senior Vice President, Service Delivery, McFarlane Conolly stated that "We at CNB offer our customers a range of choices in how they do business with us. Our Internet Banking Service is available free of cost 24 hours a day but if you desire the personal touch, we also offer our 6 Service Centers during the week and on Saturdays in West Bay and now in George Town".

CEO of the Cayman National Group, Stuart Dack commented that "As the premier local bank in the Cayman Islands we take seriously our responsibility to support the development of our community. With our Board of Directors and Senior Management based in the Cayman Islands we have the ability to understand and be more responsive to our customers' needs".

The Cayman National Group celebrated its 32<sup>nd</sup> anniversary last Friday and the Bank's Edward Street Service Center was opened in January 2005 (being a relocation of the Bank's West Wind operation). "As we grow we look forward to offering more innovative products and services to our customers. We are excited that later this year we shall open our new Savannah Customer Service Center and next year our operation in Camana Bay", stated Mr Williams.

*Who are we:*
